

# Perpetual Carousel of Fiction

---

I find it very interesting how so many people are still trying to find a solution in Fiction rather than the truth, as the truth shall set you free. I constantly see people addressing the QUEEN the POPE and the COURTS in the realm of fiction. The simple foundation to all this, is that it all resides inside a fictional based reality, where fiction by its very nature is untrue. I see a constant stream of DEMAND NOTICES and other LEGAL documents trying to address the massive fraud going on with the financial and court systems of the world, particularly in the USA, CANADA and AUSTRAILA.

I even seen a JAH VRS REGINA document, which where JAH in all capitals, is merely a fiction. Lots of Bible versus and yet no mention of the Great Commandment:

## **Mathew 22: 37-40** (KJV)

Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbour as thyself. On these two commandments hang all the law and the prophets. Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbour as thyself. **On these two commandments hang all the law and the prophets.**

Thus it is very clear that all law must be based upon love. It means that that obeying God's Laws are paramount as YHWY is the creator of all that exists and holds absolute authority over all of his creation, through his only begotten son Jesus Christ.

Within the world there are no Laws, only God gives us Law. We have statutes, codes, regulations, ordinances, bylaws, Constitutions and others, all of which are not actually Law. It is not Law, because it does not say it is Law.

## **Isaiah 33:22** (KJV)

For the LORD is our judge, the LORD is our lawgiver, the LORD is our king; he will save us.

Since YWHY is our one and only living God, you will find that the world is filled with dead Pagan gods, and the LEGAL System is not different, it is a god to those that worship and follow it. Thou shall have no other gods before me ring a bell? The simple reality is that the enemy has created a fiction based world to mimic the real world and substituted all authority into the hands of man, rather than God. Thus it truly matters not what the Laws say, it only matters what Caesar says. Caesar along

with the POPE believe that they are God on earth and have usurped God's Kingdom by mimicking the true Kingdom in a fiction based reality.

Let me ask you this. If you argue with a fiction over what is right or wrong, who are you talking too exactly? Let that sink in for a moment. If you are arguing your case to an imaginary thing, whereby man takes positions of actors to facilitate the PLAY, then who ultimately is rendering JUDGEMENT upon you? I will tell you, no one.

If there is nothing alive within that which you interact with, then it serves no purpose in supporting life and it doesn't. In fact the fiction has been specifically set up to extract life force from those who would engage in it. Much as it is in Hell, demons extract the life force from those that go there for there is no presence of God there. The torment in Hell is never ending with no rest, as it is within this fiction based LEGAL System.

The only true solution is to simply acknowledge that the ALL CAPITAL LETTER NAME they are using is indeed a fiction, corporation thus a corpse and has no life and is not part of you. You simply do not engage them within their world of fiction.

**You return all the paperwork with, I am not a fiction, corporation or person. I do not wish to contract with you in any way. I am a man created as male/female by God standing in my dominion over all the earth as per Genesis 1:26-28. Do not bother me any further, written across the document(s).**

If they have taken something from you ask for it back under God, not under their false jurisdiction of fiction. Find a passage in the Bible that makes reference to your situation and put it forth to the man created as male or female by God and request that it be returned. By doing this you are putting God between them. If they value their souls they will do as you ask. They do have the power to destroy your body, but not de jure power as this is God's Kingdom, not theirs. Remember fear he that can destroy your soul and body, not those who could simply destroy your body. They will have to answer to God for their evils and leave it at that, for it is Jesus that has the authority to Judge, no one else.

If you are judged based upon what the Bible says it is law and that is that. The Left wants so badly to ignore this and they rebel against God. You will know them by their fruits and it is obvious what they want and what they believe in. They want the power of the Government to extract power and wealth from the people and to allow disobedience from God and that is what the fiction based reality of the Government gives them. When someone comes forward and actually puts forward principles of God within Government, they are hated beyond belief by the Left and sometimes killed. Much as was back in the time Jesus was with us, men would kill those that challenged their unlawful authority over others.

The only time man has any authority over another man is when they are fulfilling the Law of God. These Laws were put in place to ensure that good would prosper and

those that do evil would be terrorized by those upholding the Law. Today much of this is reversed, giving criminals rights to sue people who step up to defend their neighbor or a man protecting his wife and family from a home invader. It is becoming so upside down and backwards now, that there is little doubt the life and culture of the people are being destroyed by the Governments around the world. We see Islam as another means to this end, destroying God's people so that a wicked and evil corrupted cesspool of filth can rule over humanity.

We are certainly in the Tribulation period talked about in the Bible and Satan is waging war on God's children. It is very sad reality for humanity right now; these are indeed very dark times. When Jesus returns Justice will prevail and all the wrongs will be righted, but until then we are sheep among wolves and all we can do is engage these tyrants on truth of the Bible, putting God between us them. If they value their souls they will comply with God's Law, otherwise they may be brought under Judgment by Jesus and cast into Hell.

So I am simply stating that if you continue to engage the Government(s) in their fiction based world, nothing is really going to change. Ultimately this is a war against God's children and it may come down to fighting those who seek to oppress the people and destroy them. The hour is very late though and they have many things in place and vast resources to fight against us, thus ultimately it will be God that comes back to set things right. I don't see any sense in engaging these people within their fiction based world, for it has been put in place to usurp authority from God and suck all life from those that engage it.
